RESORT UPDATE

A full refurbishment has taken place of the 2 tier driving range at Ufford Park. Along with some cosmetic changes we have also added two new pieces of technology. The first being power tees installed to the lower level's 14 bays.

This delivers the balls to you automatically without the need to keep bending over to place the ball on the tee. The second is the incredible InRange Tracking system. We now have touch screens installed in all 24 bays that link to radars on the outfield. This lets players monitor numerous ball statistics for every shot to help get the most out their practice sessions.

All forty-five of the Superior Double and Family Rooms at Langstone Quays Resort have been fully refurbished to create a more bespoke feel, with light and modern furnishing and finishings, including the bathrooms, which have black marble vanity units and walk-in rainforest showers.

WELL DONE TO :

A huge well done to the following staff, who will be rewarded with a £5 bonus for having a mention on either Trip Advisor or our internal Guest Survey – next month maybe it will be you?
